

3 Important Reasons For Maintaining Your HVAC Preventative Maintenance Agreement With American Freedom Heating & Air

⇒ Save Money

Reduce Energy Bills with an HVAC system running at peak efficiency. Adds up to an energy saving of up to 30% per the U.S. Department of Energy

Maintain Manufacturer Warranties which require regular maintenance

Extends the life of your heating and cooling equipment.

Low refrigerant levels and dirty coils can lead to expensive breakdowns

Parts Discounts. Service Call Discounts. Extended Parts Warranty.

⇒ Ensure Safety

Identification of worn or broken parts reduces the risk of a system breakdown on the hottest or coldest day of the year

Carbon monoxide safety inspection

⇒ Improve Comfort

Improved Air Quality with regular cleaning of internal components

Priority Emergency Service Calls

We remember when it's time to change your filters and provide other preventive maintenance services
